Alexandria Declines to Receive Taxes from Annexed Citizens, Says Pohl.

REPORT ON FIRE ALARMS

Committee Which Investigated Conditions Suggest That Telegraph System Be Installed.

Alexandria, Vs., Nov. 23.—"To whom will the property owners in the recently annexed territory, formerly comprising a part of Alexandria and Fairfax counties, pay their taxes on December first?" This vexatious question is paramount just now in the minds of property owners in the new territory.

The matter was discussed tonisht by the city council. Councilman Ballenger stated that a number of residents of what was formerly a part of Fairfax County have paid their taxes to the County have paid their takes to the treasurer of Fairfax County. Council-man Pohl, of Rosemont, formerly in Alexandria County, said he had under-stood that several residents had offered to pay and the city refused to accept. The matter was brought up when a resolution was offered to idennify those who pay their taxes to the city against loss, the city to refund in case the courts

council has employed Judge J. K. M. Nerton to assist Corporation Attorney S. P. Fisher, in a suit to collect the taxes. The suit will not take the form of mandamnus proceedings, Com-missioner of Revenue Charles H. Calla-han having placed the real estate in the annexed territory on the city tax books for city taxation. Tax bills for prop-erty in the annexed territory will be in the hands of the collector of taxes with-in the next few days, Councilman Bryan, chairman of the finance committee, told the council. Taxes from this territory will yield the city about \$8,500 a year, on the present city rate of taxation, which is \$1.80 on \$100.

The committee of citizens investigating fire conditions in the city recommended.

the installation of a fire alarm telegraph system, revision of fire laws and in-spection of electrical fixtures. An adeuate water supply for fire fighting, they would increase fire rates in Alexandria to amount to about \$20,000 an nually, unless some action was taken.

This was referred to the committee on finance, fire and general laws.
